HYBRID PATROL BAG

The PB10 is a premium bag, and quite possibly the most well-designed law enforcement bag ever constructed! We call it a hybrid bag, because it combines the most popular features of a patrol bag with those of a range bag. The PB10 has a very rugged design and is sure to give you years of trouble-free service. As with all of our premium bags, double nylon/PVC reinforcement covers the entire bottom of the bag and extends up two inches around all sides. This adds water resistance as well as protection against abrasion and normal wear and tear.

FEATURES

- Dozens of clips, loops, pockets and compartments
- Ballistic grade nylon webbing straps and handles
- All straps and compartments are heavily reinforced
- All compartments can be locked
- Leather reinforced handles
- Leather bound ID/card holder with clear vinyl window

REMOVABLE FOAM DIVIDER

FRONT FLAP BECOMES WORK SPACE

The LXPB15 is a MOLLE accessory pouch designed for use as an IFAK (Individual First Aid Kit) or similar application. It features thick double layer webbing bars in the rear that can attach to any other bag, backpack or vest with MOLLE platform. The front features a series of webbing loops as well as a hook and loop patch for a name plate or morale patch as well as elastic cording with a drawstring clasp. The interior features 8 elastic storage loops, a mesh pocket and a fully enclosed zippered pocket.

FEATURES

- Attaches to any bag, backpack or vest with MOLLE
- 8 interior elastic loops + 2 pockets
- Drawstring cording system for full control
- IHook & loop nameplate + padded handle and D-rings
- Available in Black, Red or Tan - empty or stocked
- Dimensions: 8"(L) x 6.5"(W) x 3"(H)

QUICK ACCESS MOLLE POUCH

The PB25 is a tactical accessory pouch that is ideal for use as an IFAK (Individual First Aid Kit). This pouch is designed more specifically to hold bulkier items that would be required to treat a gunshot wound. It features a dual zipper quick drop front panel that lays flat when opened. This panel has 4 vertical and 4 horizontal elastic loops to secure smaller items. The interior of the main compartment has 2 more wide elastic loops (for a total of 10), four pockets and an elastic drawstring panel that can be adjusted to fit the size of the contents.

FEATURES

- > Dual Zippers
- > Quick Drop, Lay Flat Front Panel
- > 4 Vertical & 4 Horizontal Elastic Loops
- > 4 Pockets in Total
- > Elastic Drawstring Panel
- > 2 Exterior Rear Retention Straps

TACTICAL OVERNIGHT BAG

PREMIUM MOLLE POUCH

The LXPB35 is a premium MOLLE tactical pouch designed for use as a gunshot response kit, survival kit, or IFAK (individual first aid kit). With built-in modular webbing straps it will attach to any bag, vest or pack with a MOLLE platform. The PB35 has a quick access flap that opens 180 degrees to reveal four individual storage flaps that lie completely flat once opened. This allows for easy one handed access to all of your supplies in an emergency situation. Every feature in this pouch is duplicated, including double layer construction, two rows of two layers of elastic loops, dual depth pockets, and double layered laser cut MOLLE platform with loop material for morale patches and tool storage.

FEATURES

- Quick access design disassembles completely flat
- Braided cording zipper pulls can be unwound
- Laser cut MOLLE with loop material on front flap
- Elastic drawstring loops run entire length of inside flap
- Larger design than similar pouches
- Accommodates more supplies

HOOK + LOOP PANEL

The LXPB45 is a MOLLE accessory pouch designed for use as a quick access medical kit. It features thick double layer webbing bars in the rear that can attach to any other bag, backpack or vest with MOLLE platform. The front features a series of webbing loops as well as a hook and loop patch for a name plate or morale patch. The interior features 14 elastic storage loops, a slip pocket for storing flat items and a grommet for drainage.

FEATURES

- Attaches to any bag, or vest with MOLLE platform
- 14 Interior elastic loops + 1 pocket
- Elastic loops to hold pouch open at 90 degree angle
- Hook & loop nameplate + corded zipper pulls
- Thick double layer webbing bars
- Measures 8"(H) X 6"(W) X 3"(D)

MOLLE ACCESSORY POUCH

MODULAR TACTICAL EMS BACKPACK

The LXMB45 Modular Tactical Medic Backpack is the culmination of two years of research, design and customer feedback by Lightning X for a practical and useful EMS bag for the tactical market. Far too often, tactical medics are forced to buy a military bag with no EMS features, or an EMS bag with no tactical features. Now you can have the best of both worlds, a well organized and great looking bag all-in-one. Now with laser-cut MOLLE. Measures 14"(L) x 8"(W) x 20"(H)

FEATURES

- Includes four removable zippered pouches
- Removable organizer with 6 foam dividers
- Ergonomic Shoulder Straps
- Hidden hydration port
- Well designed placement of pouches
- MOLLE platform on front, sides and rear

The LXPB89 is a compact backpack featuring four main exterior compartments plus a quick access velcro compartment behind the lumbar panel. The front, sides and bottom feature modular (MOLLE) loops for attaching extra pouches or hanging gear. The exterior consists of five retention straps for tightening the compartments or they can also be used to strap extra supplies to the outside of the bag.

FEATURES

- Modular (MOLLE) loops throughout
- Four main exterior compartments
- One rear velcro compartment
- Great for military, hunting, fishing, camping, & hiking
- Limited lifetime warranty
- Measures 13"(L) x 9"(W) x 18"(H)

SMALL ASSAULT BACKPACK

HEADREST POUCH

The LXPB50 is designed to universally attach to any vehicle headrest, or alternately any MOLLE compatible gear or bag with at least 5 rows of loops. The main bag attaches to the rear base via a hook & loop panel so that it can be easily removed in the event of an emergency with only the pull of your hand. Additionally, the bag can be opened while still attached to the base on a headrest and three tiered panels are revealed. The top two panels have various sizes of elastic tool loops in addition to pockets for storing supplies.

FEATURES

- Hook & Loop Rear Panel Allows For Quick "Grab And Go"
- Will Fit Any MOLLE Compatible Gear With 5 Rows
- Front Panel is Laser Cut With Hook & Loop Covering
- Three Tiered Storage Compartment
- Attaches to ANY Vehicle Headrest
- Available in Tan, Red, or Black

This kit features the LXHC75 Air Tight - Water Tight hard case with custom molded foam insert, pre-stocked with our LXSMK-R Gun Range Trauma & Bleeding First Aid Kit. Ideal for gun ranges, police departments, hunters, survivalists, campers and many more industries. This kit comes with the supplies necessary to provide life saving first aid in the event of major punctures, cuts or burns in a pre-hospital environment, without the added extras that most first aid kits come with that typically just get in the way.

FEATURES

- Hard Case Made In USA
- Kit assembled in USA of both domestic & foreign supplies
- ATWT Case includes a limited lifetime warranty
- All supplies already in custom foam insert
- Also available with universal pluckable foam
- Ideal for gun ranges
